Dear Mr. Leduc:

Yesterday I saw our old friend, Aline Davidoff, and she mentioned to me for the first time that she was a close friend of yours and that she had seen a good deal of you in London as well as Mexico. She also told me that you had been in Paris - and to my alarm, she told me further that you had written to me about five years ago when you were a pupil at I.D.H.E.C. I suppose you will understand and appreciate the reasons why I don't remember this. In any event, it does seem to me a great pity that we don't get together for a lot of reasons. In the first place, as colleagues we have much to discuss. Perhaps, more importantly, we might be able to clarify problems about VOLCANO. I hear things about you. No doubt you hear things about me. Probably the only thing that is true is that we're both passionately interested in UNDER THE VOLCANO. Conceivably, there might be some way of combining. I am, of course, in correspondence with Mrs. Lowry and with Borja and previously with Echeverria. I continue contact with Burton, etc. etc.

I am about to start a picture in French and Spain, so I am more or less fixed to Paris as a central base at least until October. Location shooting will take me to Normandy and after to Barcelona. My address and telephone number, temporarily, is as above.

Yours sincerely,

Joseph Losy
