Don Paul... Without even reading it.... which I ALWAYS do... (before answering anyone about working with them)... I will tell you Paul that it is an honor to be considered by you to work on one of your films. I will not only confirm my commitment to you to do this role. I only hope that it is the beginning of a long working friendship in this craft. I really admire you as a person and as an artist. You have given so much friendship and respect to me through the years and I have been a great admirer of your work for many decades. I then say to you I am reading this script asap and I send my total commitment to work with you on it. Send me all the material you have, my friend, and let's get started. This is exciting for me and It takes a lot to get my juices flowing plus I can promise YOU something. It will be the best filming experience of our lives.... Watch!... man I have waited a LONG time for this one! COUNT ME IN!

Tu amigo ...Edward James Olmos....Eddie.
